

had yet been received from Ambassador Penfield as to whether he had delivered the message of this nation to Austria.

This Government will wait a reasonable time for the recall of Dr. Dumba. Then, if nothing is done, it is likely that it would give him his passports.

Captain von Papen is said to have written matter which was disrespectful to high officials here, even to the President. If this proves true, it will make all the more likely his recall.

Precedents exist in plenty for the demand for recall of an attache of an embassy or legation without laying the responsibility on the head of the embassy or legation.

### TO WAIT REASONABLE TIME.

Secretary Lansing today stated that the United States will wait "a reasonable time" for Austria to comply with the request for Dumba's removal. The intimation was plain that this Government is prepared to hand Dumba his passports if Austria does not respond, but is confident such action will be unnecessary.

That Austria practically has no alternative under the established diplomatic code, but to recall Dumba, is officially stated.

The Secretary declared today that it ordinarily takes thirty-six hours for communications from here to reach Vienna and that, therefore, a reply could hardly be expected before next week. So far the department has received no acknowledgment from Ambassador Penfield of the memorandum's receipt. Officials expect that the Vienna foreign minister will direct Dumba to return and then advise the State Department of his action. The usual procedure then would be for Dumba to request his passports and a "safe conduct" home. In anticipation of such action the Government has prepared to expedite Dumba's journey, although it was officially denied that his passports had been actually drafted.

Ambassador Dumba has voluntarily transmitted to the State Department a copy of the "enclosure" referred to in his letter to the Austrian foreign minister. This comprises the statement of a New York Hungarian newspaper editor of details of the scheme to promote labor troubles among Austrians in American factories.

Ambassador Dumba at London had been unable to get this enclosure from the papers taken from Archibald.

### May Make No Issue.

Always keen on diplomatic proprieties, the Austrian foreign office may take the view that Dr. Dumba has bungled things so badly in employing an American dispatch bearer that it would be best to call him back and not raise an issue over it. Thus far it cannot be learned that this Government has any official information to the effect the Austrian government is prepared to assert the right to have its embassy in Washington plot against American industries.

In some quarters, the opinion prevails that while the Austrian government was quite willing to let Dr. Dumba go as far as he could to let the up American munitions plants, it may be quite willing to let him bear the responsibility, and that he has had his diplomatic fingers burned.

### May Be Complete Break.

It is clear that if Austria is going to assert the right to interfere with American industries through her peculiar notions of dual citizenship, then a complete break in diplomatic relations is to be expected. Ambassador Penfield's recall may in turn be asked by Vienna, and the possibility of the Austrian government handing him his passports is seen.

This Government has not seen fit to take so drastic action as to hand Dr. Dumba his passports. It has asked his recall, and, at the same time, expressed the hope that friendly relations between the two governments will continue.

### May Affect Others.

In taking the action it has taken with respect to Dr. Dumba, this Government makes it plain that it has reached the limit of patience with certain of the representatives of foreign governments here, who have been using the United States as a base wherein to plan unneutral activities. That such agents are likely to be made more circumspect by this incident is believed.

President Wilson and Secretary Lansing decided on the action Wednesday. The announcement was held back in order to give time to allow the message to the Austrian government to reach Vienna. It is said that Ambassador Penfield has already delivered the note to the Austrian government.

### Recall Expected At Once.

That the Austrian government will at once recall Ambassador Dumba is the view here. If diplomatic relations continue, the counselor of the embassy, Baron von Schwab, will probably be made charge d'affaires to continue through the war.

What Dr. Dumba will want to do is not yet known. If he desires to go to his home, this Government will secure a safe conduct for him. It is expected his government will ask him to obtain his passports and return. This Government will no doubt give him a reasonable time to hear from his government and decide upon his course.

### Government Undecided

#### As to Action to Take In Case of Archibald

What action this Government will take with reference to James F. J. Archibald, who was intercepted by British secret agents while bearing dispatches to Austria, is not yet known. Archibald's passport has been cancelled.

### THE WEATHER REPORT.

The forecast for District of Columbia—Fair tonight and probably Saturday; not quite so warm tonight; light, variable winds.

## NOTE DEMANDING RECALL OF AMBASSADOR DUMBA

The following note has been sent by the State Department to Ambassador Penfield, at Vienna, to be delivered to the minister for foreign affairs.

Mr. Constantin Dumba, the Austro-Hungarian ambassador at Washington, has admitted that he proposed to his government plans to instigate strikes in American manufacturing plants engaged in the production of munitions of war. The information reached this Government through a copy of a letter of the ambassador to his government. The bearer was an American citizen named Archibald, who was traveling under an American passport. The ambassador has admitted that he employed Archibald to bear official dispatches from him to his government.

By reason of the admitted purpose and intent of Mr. Dumba to conspire to cripple legitimate industries of the people of the United States and to interrupt their legitimate trade, and by reason of the flagrant violation of diplomatic propriety in employing an American citizen protected by an American passport as a secret bearer of official dispatches through the lines of the enemy of Austria-Hungary, the President directs me to inform your excellency that Mr. Dumba is no longer acceptable to the Government of the United States as the ambassador of his Imperial Majesty at Washington.

Believing that the imperial and royal government will realize that the Government of the United States has no alternative but to request the recall of Mr. Dumba on account of his improper conduct, the Government of the United States expresses its deep regret that this course has become necessary, and assures the imperial and royal government that it sincerely desires to continue the cordial and friendly relations which exist between the United States and Austria-Hungary.

posals most warmly to your excellency's favorable consideration. "I am under the impression that we could, if not entirely prevent the production of war material in Bethlehem and in the Middle West at any rate strongly discourage it and hold it up for months, which, according to the statement of the German military attache, is of great importance, and which amply outweighs the relatively small sacrifice of money. "But even if the disturbances do not succeed, there is a probability at hand that we shall compel under pressure of the crisis, favorable working conditions for our poor oppressed fellow-countrymen. In Bethlehem these white slaves at present work twelve hours a day in seven days in the week! Alas, weak persons succumb, become consumptive. As far as German workmen are found among the skilled elements, provision will be made forthwith for their exit. There has, besides this, been created a German private (underlined) registry office for providing employment, and which already works voluntarily and well for such persons. We too shall join, and the widest support is contemplated for us. "I beg Your Excellency kindly to inform me through the channels properly respecting to this letter, whether you approve of same. "In greatest haste and respectful devotion.

## SATURDAY EXTRA SPECIALS

Featuring Exquisite Models in Advanced Fall Styles of Children's School Dresses.

**\$1.50 New Dresses 98c**  
Silk finish repp, rich plaids and beautiful stripes, also splendid firm shades of plain colors. Garments are beautifully trimmed presenting newest type of plaited skirts, broad belt effects, pretty collar yokes, button and braid trimmings, full cut. Sizes up to 14 years.

## TRAIL IN MURDER LEADS TO WOMAN

She is Sought by Police in Probe of Mystery in Rhode Island Judge's Death.

PROVIDENCE, R. I., Sept. 10.—Although an all-night search failed to locate her, Chief of Police O'Neil today expected to find and question a woman said to have lived in this city, in connection with the murder of Judge Willis Knowles. Her arrest will depend upon the story she tells. This was admitted by Chief O'Neil today, but he would not state who the woman was.

In the absence of Governor Beekman, Lieut. Gov. Emory J. San Souel authorized a reward of \$1,000 to be paid for information leading to the arrest and conviction of the person or persons who assassinated Judge Knowles, in Johnston, on Labor Day.

Total of \$2,100 Offered. This makes a total of \$2,100 offered in rewards. Yesterday the city of Cranston offered \$500, the town of Johnston had previously offered a similar amount, and H. T. Redwell, former clerk of the Eighth district court of Rhode Island, offered \$100 personally, on the day of the murder.

Police On New Lines. The police have given up hope of breaking down the alibi of Henry Edwards, and today they began work along new lines.

There has been no definite course followed, and while the town police have worked along one line, the city police and detectives have been working along others.

Mr. Cora Ward, the judge's housekeeper for many years, has left for Cambridge, Mass., to visit friends. She did not care to remain alone in the house after what had happened, but said that she would return when Judge Knowles' brother came back from the funeral in Ohio.

It is believed now that a rifle was used to kill the judge instead of a revolver. Amos Stone, a hunter who was fishing on the shore of Lake Mosawamsic, said that he heard the shots and is sure from his experience that they came from a rifle. He did not see anyone running away from the road.

## Deny Arabic Tried To Sink Submarine

LIVERPOOL, Sept. 10.—In view of the statement contained in the German note to America, the White Star offices here today reiterated the previous denial of the German report that the liner Arabic tried to ram the submarine that sank her.

Neither the Arabic captain or any of her officers saw the submarine, it was stated, and consequently it was impossible for the liner to have attempted an attack.

Known as brother came back from the funeral in Ohio. It is believed now that a rifle was used to kill the judge instead of a revolver. Amos Stone, a hunter who was fishing on the shore of Lake Mosawamsic, said that he heard the shots and is sure from his experience that they came from a rifle. He did not see anyone running away from the road.

## OWNERS ARE HEARD BY-BOARD ON PLAZA

Title Holders in Square 721 Discuss Before Commission Value of Property.

Owners of property in square 721, east of the Union Station, whose holdings are being acquired by the Government for park extension purposes were given a hearing by the plaza commission today. This is the last square in which small property owners have holdings to be taken up by the commission. Awards have been made to all other owners in the plaza district except the Baltimore and Ohio railroad. The heaviest property owners, 25 squares 721, which is bounded by North, California, and Second streets and the Union Station, are the heirs of Benjamin H. Warner, who were awarded \$23,254 by the former commission of awards.

The plaza commission will next take up the Baltimore and Ohio holdings for which \$1,729,417 was awarded in earlier condemnation proceedings. Attorneys for the railroad company will be given an opportunity to present their objections against a decrease in the award.

## SOROSIS

Children's Shoes that are correct for growing feet. If you have had trouble in getting children's shoes to fit and wear, try Sorosis Shoes for your children. They are from 50c to \$1.00 Cheaper than other shoes of the same quality. For Girls and Boys
